

Soldiers Field Golf Course

Men's Senior League

The men's senior league is a 9 hole league played Thursday mornings and early afternoons from May-September. Seniors age 62 and older are invited to join the league. Seniors compete in a variety of individual and team events, with 9 hole league approved handicaps used for all events. Special events are held throughout the year, with players paired together, based on handicap, by the tournament committee. Pairings for regular weekly events are made through arrangement with other players. Interested players may also join or combine with an available twosome or threesome.

The emphasis on the league is, without a doubt, all about having fun. While many enjoy the competition the league provides, enjoyment of the game of golf and the people playing it are the primary focus.

Golf Shop merchandise certificates are awarded to weekly winners, with tournament results posted the day after each event. The league begins its season with an Icebreaker, or season opening meeting, April 26. Regular season play begins May 3rd. The league concludes play in September with a 19 person shoot-out on September 13th. More information, including the 2007 Senior League Schedule, League Rules, and Event descriptions are available at the Soldiers Field Golf Shop.
